School Report

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Campton qualified to vote in district affairs:

You are hereby notified to meet at the Town House in said district on the eleventh day of March, 1947, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
6. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees, in relation to any subject embraced in this Warrant.
8. To see if the District will vote to make any alteration in the amount of money required to be assessed for the ensuing year for the support of public schools and the payment of the statutory obligations of the District, as determined by the School Board in its annual report.

9. To transact any other business that may legally come before said meeting.

Given under our hands at said Campton this 30th day of January 1947.

RALPH E. AVERY,
DOROTHEA H. CHENEY,
BERTHA S. PULSIFER,

REPORT OF SCHOOL NURSE

To Campton School Board:

I herewith submit the report of school nursing from September 1945 to July 1946:

Children inspected	146
--------------------	-----

Symptoms of defects:

Dental	50
Vision	12
Underweight	5
Orthopedic	2
Tonsils, enlarged diseased	25
Glands	4

These corrections were reported made:

Dental	70
Tonsil operations	5
Vision, 11 new glasses, 2 changed lenses.	

One child had operation for strabismus paid by Sight Conservation.

Two Toxoid Clinics were held at Campton Village School at which 51 inoculations were given to school children. Many pre-school children were also treated. This Clinic was sponsored by the State Board of Health and the State Board of Education.

Two children attended Orthopedic Clinics at Laconia.

There were a few cases of Chicken Pox, Pediculosis and Skin Diseases reported.

113 school calls, 88 home calls and 57 business calls were made by the nurse.

In the Fall 1946, the inspection was again made.

Children inspected	149
Dental defects	59
Tonsil	25
Glands	7
Vision	7
Orthopedic	1
Underweight	4

The percent of attendance to date, this year, has been unusually high, as no communicable childhood diseases, and only a few pediculosis and skin diseases have occurred, to keep children home.

One of the smaller schools is proud to be able to report 100% on dental corrections. Another has a supplementary hot lunch at noon. A State Nutrition worker talked in some of the schools on general diet and nutrition.

The usual fine interest and cooperation given to the Health Program is greatly appreciated.

Respectfully submitted,,

ANNA M. LOVETT, R. N.

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Campton School Board:

My fourth annual report as Superintendent of Schools in Campton now presented discusses those problems and situations which seem to be of major importance this year. Although space does not permit a detailed presentation of all school information, any additional facts will be gladly furnished on request.

A comparison of the 1946-1947 list of teachers with that for the past year shows several changes. Mrs. Ella F. Batchelder did not return to the Village Primary room and was replaced by Mrs. Mattie J. Hibbard. Mrs. Leona Edgell who finished Mrs. Glen Sturtevant's year at West Campton did not accept another appointment and was replaced by Mrs. Mildred Uhlman. Miss Jean Carr withdrew from teaching and was replaced at Livermore by Miss Najla R. Samaha. Mrs. Margaret Ouelett, because of her health, could not return to Beebe Primary room and was replaced by Mrs. Viola P. Bump who was transferred from the Center School. Although these changes mean that in four out of seven rooms in Campton there are teachers new to those rooms, the work of Campton Schools has proceeded with very little change and that change has not decreased in any way the effectiveness of instruction given to our children.

During the summer it became necessary to close the Center School for the year 1946-1947. There were several reasons why that step was necessary. The scarcity of trained teachers made it impossible for us to replace a teacher in the entire eight schools operating a year ago. Because of the small enrollment at the Center School, coupled with the fact that those pupils could be well cared for in other schools, it was intimated that Campton probably would not be allowed State Aid for the operation of the Center School. Those pupils who would have attended the Center School this year were divided between Beebe River and Livermore

without causing over-crowding in either school. As the year has progressed it has become apparent that there may be enough pupils in the Center School early next Fall to justify its reopening. Whether or not that can be done will be largely dependent on our ability to secure another teacher. If the new State Aid proposal made to the Legislature by the State Board of Education is enacted into law, there would be no financial reason why that school should not be reopened.

For sometime now, Campton has had a relatively light transportation expense. For a period of about seven weeks some pupils had to be transported from Campton Center to Beebe River. We have also had some transportation from West Campton Hill. Another route has to be maintained from Campton Bog. Regardless of future transportation needs, it appears that we shall always have to transport pupils either in beachwagons or automobiles because operation of large vehicles over back roads would not be advisable or even possible during a large part of the year.

We have four one room schools in which it seems we might well consider a change from wood to oil for fuel. It is not always easy to buy wood and it certainly is expensive. During cold nights when wood fires go out, room temperature drops to a very low point. This means a daily consumption of fuel far in excess of the amount that would be required if room temperature were consistently maintained at a higher point. It seems to me that oil burners would prove to be more satisfactory and more economical in many respects than our present method of heating.

The 1947-1948 school budget will be considerably larger than any that has been submitted heretofore. In general the increases will be found in salaries, text books, scholars' supplies. The shortage of trained teachers means that we must advance our salaries considerably above the present level if we hope to give our children the quality of teaching which is their right. The best information now available from publishers and supply houses indicates that we shall have to increase our estimates for books and supplies by about 40%. In the operation of a school system it is impos-

sible to avoid cost increases that are seen in every other line of activity. The people of Campton may be assured that every economy which is possible without detracting from the opportunities given their children will be practiced.

The Superintendent would be lacking in appreciation if he did not at this time gratefully acknowledge the splendid co-operation given by School Board Members at all times and the friendly attitude of the people of Campton.

Respectfully submitted,

ARTHUR S. ROLLINS,

Superintendent of Schools.

Expected days of no school: September 10—Fair; 2 days in October—Convention; November 10 and 11—Armistice; November 27 and 28—Thanksgiving; January 1 and 2—New Year; May 31—Memorial Day.

This calendar is drawn up allowing a double holiday by including Monday or Friday with the Tuesday or Thursday on which a legal holiday falls. A single detached school day serves for hardly more than book-keeping purposes and has little school value.

The Commissioner of Education has ruled that 172 days shall be minimum school year to comply with legal requirements. Emergencies, therefore, that are not made up by Saturday sessions might mean an extension of the school year beyond June 4, 1948 to include 172 days.
